Learn

Learn SAS programming from basic to advanced techniques using our free cloud-based learning environment.

- Available anytime with minimal downtime to use at your convenience.
- Free access to SAS Studio, which supports all major desktop operating systems.
- 5GB of data storage for your personal files.
- Compatible with free e-learning courses for guided instruction.
- Ideal for certification training.
- Access to free online SAS Communities, which provides access to more learning resources and a community of fellow learners sharing knowledge and advice.

Teach

Additional resources also available for use in qualified classrooms. See the [license](#) and the [terms of use and conditions](#) for more information on qualifications and restrictions.

- Additional 3GB of data storage per instructor to share files with students.
- Additional software options available when using Microsoft Windows:
 - Learn SAS programming with SAS® Enterprise® Guide.
 - Teach data mining techniques using SAS® Enterprise® Miner.
 - Teach forecasting using SAS® Forecast® Studio®.
- Join the [SAS Educator Portal](#) for 24/7 access to free instructional materials, e-learning and certification exam prep to make it easier than ever to teach analytics.

Get Started

To sign up, just create your free [SAS Profile](#) and then sign in above to begin the registration process.

The image shows the top portion of the SAS website. At the top is a navigation bar with the SAS logo, links for Software, Learn, Support, Partners, and About Us, a search icon, a language selector (showing the Indian flag), and a user profile icon. Below this is a dark blue banner with the text "Data and AI Solutions" and a button that says "How to Buy SAS Viya". The main hero section features a 3D bar chart with white bars of varying heights and one bar highlighted in pink. Text on the left reads: "Performance. Performance. Performance.", "30x faster | 86% lower costs", and "SAS Viya® dramatically reduces the cost of running AI & Machine Learning in the cloud". A blue button below this text says "See how SAS crushes the competition". Below the hero section is a section titled "Featured Topics from SAS" with a blue chat icon on the right.

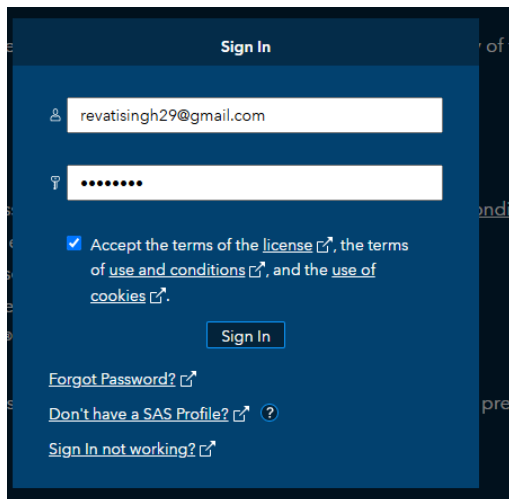

Performance. Performance. Performance.

30x faster | 86% lower costs

SAS Viya® dramatically reduces the cost of running AI & Machine Learning in the cloud

SAS VIYA:

SAS LEARN

What Do You Want to Learn?

Overview Programs Corporate Training My Training

SAS® Viya® for Learners

Build a complete advanced analytics program - from entry-level to doctorate - with a single software environment.

SAS Viya for Learners 4

Launch Software Access JupyterLab

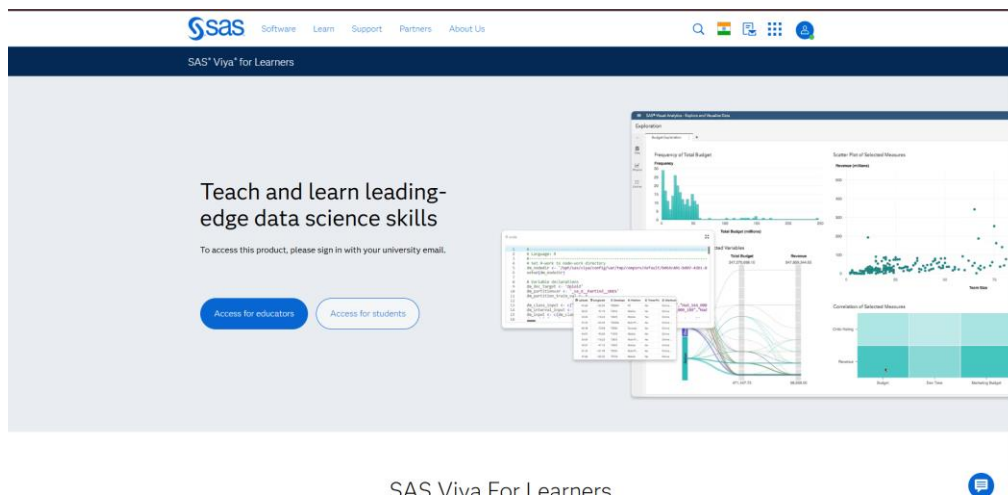

Viya for Learners 4 has replaced Viya for Learners 3.5. Viya for Learners 3.5 is no longer available, as of August 28, 2024.

Helpful Tip

- Use Chrome, Firefox, or Safari to access SAS Viya for Learners.
- SAS Viya for Learners is a shared resource.
 - Inactive accounts and files may be deleted to ensure maximum performance.
 - Users are limited to 5 GB of data in memory and 100 MB per uploaded data file.
- Autotuning is disabled in SAS Viya for Learners. The software will return an error when a user requests autotuning.
- SAS Viya for Learners may be unavailable during the weekend of the month from Friday at 8:00 PM ET to Sunday at 8:00 PM ET.

Additional Information

- Get up and running quickly with SAS Viya Quickstart Videos.
- Find documentation on existing shared data sets in the SAS Viya for Learners Data Repository.

SAS Viva For Learners
